Dear Irv:

Enclosed please find the complete press release on our film series, "China and the Documentary Art," scheduled for September 27 - November 13th. As you can see, we have a little of something for everyone. Our main purpose is an educational one and to provide a way to recruit more students and community people into the Association. We had something around 90 people at our first showing. We expect more tonight.

I have also included some additional information on the purposes and programs of the Yale-China Association for your information. We would feel fortunate to count you as one of our members.

Finally, I want to thank you again for the use of the film. So many folks have been so helpful in putting this series together. Thank you. (As I mentioned, my spouse, Gail Coulson, will return your print sometime after October 6th).

Should you be able to make a brief visit to New Haven for one of the evenings, please let me know. I would be happy to arrange an informal discussion with Association staff, Student Committee members, and students and scholars from China.

I hope to see you again at the China Council meeting November 10-12 in New York.

Best regards.

Cordially,

Mark
